Indian Arms Act, 1878.

Regarding the issue of licenses for purposes of sport.

No. 1393.

JUDICIAL DEPARTMENT.

Bombay Castle, 8th March 1909.

Letter from the Agent to the Governor, Káthiáwár, No. 105, dated the 30th January 1909:—

"I have the honour to report that in the licenses to carry arms granted by some of the District Magistrates of British Districts the licensees are often empowered to shoot game in the Native States under this Agency.

"2. As there exist separate game laws in the States such an authority given by a District Magistrate is inoperative in Native States, and the Chiefs object to it and to recognize such licensees as having the right to shoot game in their territories without obtaining licenses from them in the first instance.

"3 I may add that I am aware of no authority by which a District Magistrate or Agent of another Political Agency can grant a sporting license on his own authority for any part of Káthiáwár, and I would respectfully submit that the practice is objectionable even with regard to Agency jurisdictional limits.

"4. I shall, therefore, feel obliged if Government will be pleased to make clear to District Magistrates that they have no authority to give permission to shoot within Káthiáwár territory. It might in fact be well to insert this in the form of licenses to carry arms granted by them."

Memorandum from the Political Department, No. 1070, dated the 10th February 1909—Forwarding the above for disposal.

RESOLUTION.—Under Rule 13 of the rules under the Indian Arms Act, 1878, District Magistrates have no authority to countersign a license for purposes of sport outside their own districts. Commissioners of Divisions and the Commissioner of Police, Bombay, have this power, but it only extends to districts under the control of the Local Government. The irregularity described by the Agent to the Governor, Káthiáwár, should be brought to the notice of the Divisional Commissioners, the Commissioner of Police, Bombay, and all District Magistrates.

Interpretation of the words "temporarily residing" occurring in clause (5) of paragraph I of the Rules under the Indian Arms Act.

No. 606—614, dated the 13th February 1909.

From—The Deputy Secretary to the Government of India, Home Department;

To—The Secretary to the Government of Bombay, Judicial Department.

With reference to the Home Department Endorsement No. 123-131, dated the 13th January 1908, I am directed to forward, for the information of the Governor in Council, a copy of correspondence with Messrs. Walter Locke & Co. of Calcutta regarding the exemption of Europeans who are "temporarily residing" in India from the operation of certain sections of the Indian Arms Act, XI of 1878, under paragraph 1, clause (5), of the rules issued under that Act.

Letter from Messrs. Walter Locke & Co., Calcutta, dated the 22nd January 1909.
Letter to Messrs. Walter Locke & Co., Calcutta, No. 605, dated the 13th February 1909.

Dated the 22nd January 1909.

To—The Secretary to the Government of India, Home Department.

Sale of Arms to European foreigners who are not naturalized British subjects.

With reference to the Home Department letter No. 122, dated Calcutta, the 13th January 1908, on this subject, we shall esteem it a favour if you will inform us how this rule applies in cases where the person is engaged by mercantile firms, in different parts of the country: we instance such firms as Messrs. Ralli Brothers, who have Agents in all chief towns in India, and other firms who have assistants who are Americans or Greeks and other continental foreigners. In many instances these men are members of local volunteer forces, and as such by one clause of the Arms Act are exempted, while under the orders contained in your letter quoted above such gentlemen, who on account of their being settled in the country for a term of years, are said to have "ceased to be exempted."

We have before us a case of a gentleman who has been a resident in Lahore for over 20 years and who, until the above order came out, could get sporting ammunition, etc., without any difficulty and, as he is a volunteer, he considers it a great hardship that he should be classed as a non-exempted person. As the rule is not clear in its present form, we should esteem it a favour to know, at your early convenience, what is the precise intention of Government in such cases.

No. 605, dated the 13th February 1909.

From—The Deputy Secretary to the Government of India;

To—Messrs Walter Locke & Co., Ld., 4, Esplanade, Calcutta.

I am directed to acknowledge the receipt of your letter, dated the 22nd January 1909, inquiring how the ruling contained in the Home Department letter No. 122, dated the 13th January 1908, regarding the exemption from certain sections of the Indian Arms Act, XI of 1878, of Europeans "temporarily residing" in India, applies in cases of continental Europeans who have settled in the country for a term of years.

2. In reply I am to say that all such Europeans who have not adopted an Indian domicile are entitled to the benefit of the exemption granted by paragraph I, clause (5), of the rules issued under the Act. I am also to point out that a person who is exempted, under rule I, clause (3), of the rules published in the Home Department notification No. 518, dated the 6th March 1879, in his capacity as a volunteer, does not forfeit that exemption by reason of the fact that he may not be eligible for exemption under the provisions of rule I (5) of the rules under the Act.

Regarding the responsibility of licensed dealers in arms and ammunition in the matter of satisfying themselves that their customers are legally authorized to possess them.

No. 2965, dated the 11th August 1909.

From—The Secretary to the Government of India, Home Department;

To—The Chief Secretary to the Government of the Punjab.

I am directed to refer to your letter No. 422,* dated the 11th June 1909, regarding the responsibility of licensed dealers in arms and ammunition in the matter of satisfying themselves that their customers are legally authorized to possess them.

2. The Government of India concur in the view expressed in paragraph 3 of your letter that dealers are bound, under the law, to ascertain that the persons to whom they sell arms are legally authorized to possess the same. I am to request that, with the permission of His Honour the Lieutenant-Governor, Messrs. Walter Locke & Co. may be informed accordingly.

3. While desiring to enforce the responsibility of arms-vendors, the Government of India are unwilling to impose on them the obligation suggested in paragraph 6 of your letter to the effect that they should supply immediate information to the Superintendent of Police of the despatch by rail or post of arms and ammunition to any address or send them to purchasers through district officials. I am, however, to invite attention to the fact that under the conditions attached to their lincenses all dealers in arms and ammunition are required to keep registers of their stock in trade and of all transactions relating to it, and that their stock and registers are liable to inspection by the police. I am therefore to suggest that the police should be required to exercise a more vigilant supervision over these registers and if they find that arms and ammunition have been supplied to persons whose exemption seems to be doubtful, they should take steps to ascertain whether such persons are really exempted from the provisions of the Indian Arms Act, and if not, to report the matter to the Local Government.

If it should be found that instances of arms being supplied to persons not entitled to possess them are at all frequent, the Government of India would be willing to reconsider the proposal to frame a rule of the description recommended by His Honour.

Accompaniments to Government Resolution, Judicial Department, No. 4847, dated the 25th August 1909.

No. 422-S.-Home, dated Simla, the 11th June 1909.

From—The Hon. Mr. M. W. Fenton, I.C.S., Officiating Chief Secretary to the Government of the Punjab;

To—The Secretary to the Government of India, Home Department.

I am directed by the Lieutenant-Governor to submit for the consideration of the Government of India copy of a letter No. 1712, dated the 3rd of May 1909, from the Commissioner of Jullundur bringing to notice an evasion of the provisions of the Arms Act, which, in His Honour's opinion, is of no small importance.

2. It will be noticed that Messrs. Walter Locke and Company consider that they are entitled to sell arms and ammunition to any well dressed respectable looking person who may represent himself to be an Honorary Magistrate. Apparently also it is considered legitimate by this firm to despatch a consignment of arms to the address of any person, who may come within the categories exempted from the provisions of the Act, without ascertaining that the addressee is really the person whom he represents himself to be. The Commissioner of Jullundur, it will be seen, apparently accepts this view of the law.

3. The Lieutenant-Governor, however, cannot admit that the law is so defective. It seems to him that the provisions of Section 22 of the Arms Act are applicable to such cases, and that dealers are bound to ascertain that the persons to whom they sell arms are legally authorised to possess the same. The opinion of the Legal Remembrancer was taken on this point. His view is :—

> "To accept a mere assurance or to judge by mere appearances is certainly not what a Magistrate would consider a *bona fide* discharge of the licensee's obligation. Walter Locke will be responsible if they merely rely on such enquiries to satisfy themselves of the legal authority of any intending purchaser, and I think they ought to be warned to that effect. They are, similarly, not properly discharging their obligations if they send by post arms to any person who professes himself entitled to possess them. They must make due enquiry in all cases of sales, and must in all cases where they have not already sufficient proof that the purchaser is legally entitled to purchase, obtain sufficient proof by further enquiry."

4. Sir Louis Dane is of opinion that the subject is of sufficient importance to bring to the notice of the Government of India. It is possible that Walter Locke and Company are not the only firm that is selling arms and ammunition to all sorts of persons indiscriminately. In the last ten years the annual customs receipts from arms and ammunition have gone up 80 per cent. and though this may be legitimate trade up to the time the weapons reach the licensed dealers there seems to be reason for some misgivings as to the way in which these latter dispose of their wares.

5. His Honour has heard that it is the experience of those who advertise fire-arms for sale in the newspapers that their advertisements invariably meet with an immediate response. It is quite possible that private persons disposing of their arms in this way are not sufficiently careful about ascertaining whether the purchasers are entitled to keep arms. However, that is a branch of the subject which, it is understood, is engaging the attention of the Criminal Investigation Department. The present letter is concerned only with the question raised by the letter of the Commissioner of Jullundur and its enclosures, *viz.*, whether steps should not be taken to ensure that all licensed vendors of arms throughout India should be warned of their responsibilities in the matter of ascertaining whether purchasers are persons to whom arms may legally be sold. Perhaps the Government of India may deem it desirable to issue a general warning to this effect and to direct the prosecution of any licensed vendor who neglects the warning.

6. His Honour would also suggest the issue of a rule requiring licensed vendors to supply immediate information by post to the Superintendent of Police of the district of the addressee in the case of all arms and ammunition despatched by rail or post to any address. To give this information through the local Commissioner of Police results in delay, the consignment reaching the address before the police of the consignee's district are aware of it. Another plan might be to require the dealer to send all arms and ammunition supplied to persons with whom he was not actually acquainted, or as to whose rights to possess arms he was not absolutely certain to the Deputy Commissioner of the district or to the Tahsildar for delivery to the addressee. That some rule of the kind is necessary will, His Honour thinks, be admitted. The matter is one of very considerable importance.

No. 1712, dated Jullundur, the 3rd May 1909.

From—The Commissioner, Jullundur Division;

To—The Chief Secretary to the Government of the Punjab.

I have the honour to forward copy of letter No. 93, dated the 22nd April 1909, with enclosure, from the Deputy Commissioner, Jullundur, for the information of Government.

2. The correspondence shows that it is possible for any one to purchase arms or ammunition without a license provided that he is prepared to give a wrong name, or to assert that he is exempted. Under the license for sale of arms there appears no restriction as to persons to whom goods are sold: the licensee is apparently not required to take any steps to satisfy himself as to the identity of the person to whom the goods are sold.

No. 93, dated the 22nd April 1909.

From—The Deputy Commissioner, Jullundur;

To—The Commissioner, Jullundur Division.

I have the honour to report the following facts for your information.

2. On 5th March 1909 Pir Anwar-ul-Haq, Tahsildar, Jullundur, received an intimation from Messrs. Walter Locke and Company, Lahore, that they had executed his order and sent value-payable parcel to him the following ammunitions noted in the margin. As he had given no such order he reported the matter to me and asked Walter Locke and Company to send the letter to him. This they did. The letter was a forgery. I stopped delivery of the ammunition.

250	12 Bore Cartridges Caps	1	4	0
100	·22 Short Cartridges	1	12	0
	Packing and Registration fee	0	6	0
		7	6	0

3. Copies of the correspondence show that Walter Locke and Company are absolutely within their rights. I would specially invite your attention to that portion of their letter marked A in which they state that if a respectably dressed native walked into their shop, or wrote to them purporting to be a gentleman exempt under the Arms Act, that they would supply him with such arms and ammunition as he required, and are under no obligation to inform any one of having done so.

To my mind it appears most dangerous and it would possibly in the light of the above occurrence be desirable to bring the matter to the notice of Government. This matter came to light owing to the goods being sent value-payable parcel, but it is not inconceivable for a firm of less repute and standing than Walter Locke and Company, to sell in the way represented by that firm any amount of arms and ammunition for cash to any person whatsoever, provided he purports to be a person exempt under the Arms Act, whether he really is or not, and it would be quite impossible afterwards to trace the purchaser, or prove connivance by the vendor, and as far as I can see there is nothing to prevent any number of natives dressing themselves respectably and calling themselves Honorary Magistrates or otherwise and getting as much ammunition as they like irrespective of the prohibitions of the provisions of the Arms Act.

Dated Lahore, the 24th March 1909.

From—Messrs. Walter Locke and Company;

To—The District Magistrate, Jullundur.

In reply to your No. 582 of the 23rd instant, we have the honour to state that we do use every possible precaution in supplying arms and ammunition to natives and that we are in the habit of verifying names by a reference to a current army or civil list as the case may be. At the same time we wish to point out to you that fraudulent purchase of ammunition would not be a difficult matter to a man who desires to accomplish it. We instance an educated and well dressed native representing himself and using the name of an Honorary Magistrate, who under section 4 of the first schedule of the rules is an exempted person from the Arms Act operations, purchasing ammunition personally or by letter. We do not say that this is ever done, but it could be accomplished, and under the circumstances we should like to know how such fraud may be guarded against.

In reference to paragraph 2 of your letter we beg to enclose for your perusal a copy of a letter No. 454 of May 5th, 1908, from the Commissioner of Police, Calcutta, relating to the sale of ammunition of the prohibited bores. From this you will see that only ammunition of the ·303 and M. H. ·577-·450 bores require a special license by exempted persons to purchase and we are always careful to obtain this before we effect a sale.

With regard to intimating to you details of sales of ammunition we beg to enquire under what section of the rules we are obliged to do this? We furnish annual reports of sales of arms and ammunition to our District Magistrate and also keep police registers and sales books which are periodically examined by the authorities. We understand that this is all we are obliged to do in connection with the sales we effect. } A

POLITICAL DEPARTMENT.

Circular.

Considerable difficulty has been experienced in the past in preparing, for submission to the Government of India, a consolidated statement of the returns furnished by Political Officers, of Arms and Ammunition, etc., imported into Native States, owing to the headings of the columns of the returns submitted by officers not exactly tallying with those of the statement used by Government. Political Officers are requested to submit their returns in future in the form attached, and to pay particular attention to the columns relating to cartridges for small arms. It should be distinctly shown in every case whether the cartridges are for rifled or smooth-bore arms, and what is the calibre or gauge of the cartridge.

2. Political Agents are also reminded that the returns should be submitted so as to reach Government not later than the 15th January ~~19~~

Extract para 4 from G.R.no.2125-c.,dated Delhi,the 21st March 19 resolution Re the Indian Administration of the Indian Arms Act.

After repeated examination of the question the Government of Indaia decided that the best of solving the problem lay first in rigidly -- restricting the number of exempted persons and secondly in arranging that persons of recognised status and charactor should,witout dist--inction of race,ordinarily be entitled to obtain licenses for the - possession of firearms without enquiry or delay.While details were - still under discussion the following resolution was moved in the Im--perial Legislative Council and accepted by Government on the 19th - September 1918:-

'This Council recommends to the Governor General in Council that a - Committee of official and nonofficial members of this Council be app -ointed to consider and report to the Governor General in Council to that extent the Indian Arms Act and the rules were under can be - ammended.'

The whole question was then laid before a Committee composed partly of official and partly of nonofficial members of the Council,and the Government of India are now in a position to formulate the conclu--sions reached after examination of the report of this Committee.These are as follows:-

(1)All arms other than firearms and also firearms of an obsolete - character possessing a purely antiquarian value will be exempted -- from all the prohibitions and directions contained in the Arms Act, except in Burma,the Punjab and North West Frontier Province,provided that any local Government may retain the existing restrictions for particular weapons or inparticular areas where such a course is ne--cessary in the interest of Law and order.

(2)All distinctions of a racial chancter will be abolished,but a - restricted schedule of exempted persons as appended hereto will still be retained,the provilege being subject to the same restri--ctions in respect of the number and discription of weapons as at present.

(3)Exempted persons will not be required to register their weapons but power will be reserved to the Government of India and the local Governments and Administrations to require the regostrations of rifl

Revised procedure for the supply of Arms and Ammunition to Ruling Princes, Chiefs, etc., of Indian States.

GOVERNMENT OF BOMBAY.

POLITICAL DEPARTMENT.

Order No. 1727.

Bombay Castle, 25th February 1920.

Letter from the Government of India, Foreign and Political Department No. 293-G., dated 5th February 1920:—

"Under the provisions of the Indian Arms Rules*, 1909, a licence was necessary to cover the export from British India to any Indian State of arms and ammunition required for the personal use of a Ruling Prince or Chief or the subject of any State. The licence could be granted, among others, by the Political Officer concerned and, in the case of a consignment from a Presidency town, by the Commissioners of Police, Madras and Bombay, and the Deputy Commissioner of Police, Calcutta. The Police authorities were, however, required to obtain the consent of the Political Officer of the State to which a consignment was destined before issuing a licence.

* *Vide* rule 33 (1) and Schedule VI.

"2. This procedure has now been modified by the Indian Arms Rules†, 1920, which, in respect of arms and ammunition ordered from the towns of Madras, Bombay and Calcutta, dispense with the reference to the Political Officer when the supply is for the personal use of: (1) a Ruling Prince or Chief, or (2) a member of his family, or a noble or an official of his State who may be designated in this behalf by the Local Government or Political Officer concerned.

† *Vide* Rule 34 (1).

"3. I am accordingly to request that, with the permission of His Excellency the Governor in Council, the revised procedure prescribed by the Indian Arms Rules now in force may be explained to the Darbars of States in the Bombay Presidency."

ORDER.—Copies of the letter from the Government of India should be forwarded to all Political Officers with a request that the revised procedure prescribed by the Indian Arms Rules now in force may be explained to the Darbars of States in their Agencies.

Copy of letter No, 6 Dated 10 June 1920 from the Political Agent Dharwar to the Meherban Nawab Sahib Diler Jung Bahadur Savanur.

" My friend,

I have the honour to refer to the return of the military forces in the Savanur state relating to the calendar year 1919 sent by the District Magistrate savanur in January last, and to point out that it shows 49 armed police , whereas I notice from the records of this office that there are 21--- weapons in the state and the number of armed men can hardly be greater than the number of weapons. The discrepancy should -- kindly be reconciled.

2. The return under reference shows 3 unserviceable guns against 2 of last year and gives no particulars of fire-arms and other weapons. These particulars should kindly be furnished early.

Yours Sincerely,

No, 1730 of 1920.

No 52 of 1920

Savanna, 20 June 1920

Respectfully returned with compliments.

2. As regards the discrepancy shown in para. the number 21 of fire arms includes 20 rifles & one small gun which is used daily for firing at 10 P.M. The number 49 is the total number of police men in the State and the 20 rifles are used for guard duty amongst 49 Police men. There is no distinction in the Police Force as Armed and Unarmed.

3. As regards para 2, the return is submitted as usual. But the figure 3 is put through oversight instead of 2. It may kindly be reconed as 2 and not 3.

W. Mc Millan
ag. Sub-Inspector.

Sir,

With reference to your No 1730 15-6-1920 forwarding a copy of the P.A's letter No 6 dated 10-6-1920 I have the honour to report that though there are 21 weapons i.e 20 rifles & 1 one gun that is used for firing every night at 10 o'clock the entire number of Police Force uses them & that there is no distinction as being made therefore as armed & unarmed. All 49 are therefore deemed as armed Police. ~~There fore there is no discrepancy as pointed out by P.A's letter referred.~~

2) The Sub-Inspector of Police Savanur reports that there are in his office 2 unserviceable guns & a piece of iron barrel once fixed to a wooden cot small gun made up of wood since destroyed & that for the said travel 2 guns together with the barrel are shown ~~as 3~~ in the return as unserviceable guns. Thus it can be seen that there are in fact only 2 unserviceable guns. All the information required by ~~us~~ has already been filled in, in the return of rifle

There is no distinction made as armed and unarmed police in the force. Therefore 49 men were shown in the return of the military forces referred to by the Political Agent as before.

2. The Sub-Inspector of Police Savanur reports that there are in his office two unserviceable guns and a piece of iron barrel once used to an old small gun Moodgun gun since destroyed and that the two guns -- together with the barrel were ~~xxxxxxxx~~ entered in the return as being three unserviceable guns. Thus it can be seen that there are in fact -- only two unserviceable guns.
